

Francais

1. Imprimer uniquement la page correspondant au modele a verifier. Les plans sont au format A3 paysage.
2. Conserver l'echelle a 100 % : taille reelle, aucune mise a l'echelle automatique.
3. Apres impression, mesurer les reperes X et Z presents sur chaque plan : ils doivent faire exactement 100 mm.
4. Si les reperes ne sont pas exacts, ne pas utiliser la feuille. Dans ce cas, privilegier une autre methode de verification.
5. Poser le plan sur la guitare ou decouper grossierement le contour. Aligner d'abord le talon de manche, puis les trous de vis et les decoupes micros/commandes.
6. Comparer ensuite le contour exterieur et, pour les modeles concernees, les zones specifiques OVRPICK.

Les pages OVRPICK concernent des designs deposes.

English

1. Print only the page matching the model you want to check. The plan sheets are A3 landscape.
2. Keep the scale at 100%: actual size, with no automatic scaling.
3. After printing, measure the X and Z marks shown on every plan: both must measure exactly 100 mm.
4. If the marks are not accurate, do not use the sheet. In that case, use another verification method.
5. Place the sheet on the guitar or roughly cut out the outline. First align the neck pocket, then the main screw holes and the pickup/control cut-outs.
6. Then compare the outer outline and, when relevant, the specific OVRPICK areas.

OVRPICK pages concern registered designs.

Reperes presents sur chaque plan

Chaque repere doit mesurer exactement 100 mm apres impression.

X = 100 mm

Z = 100 mm

Reference marks on every plan

Each mark must measure exactly 100 mm after printing.

X = 100 mm

Z = 100 mm

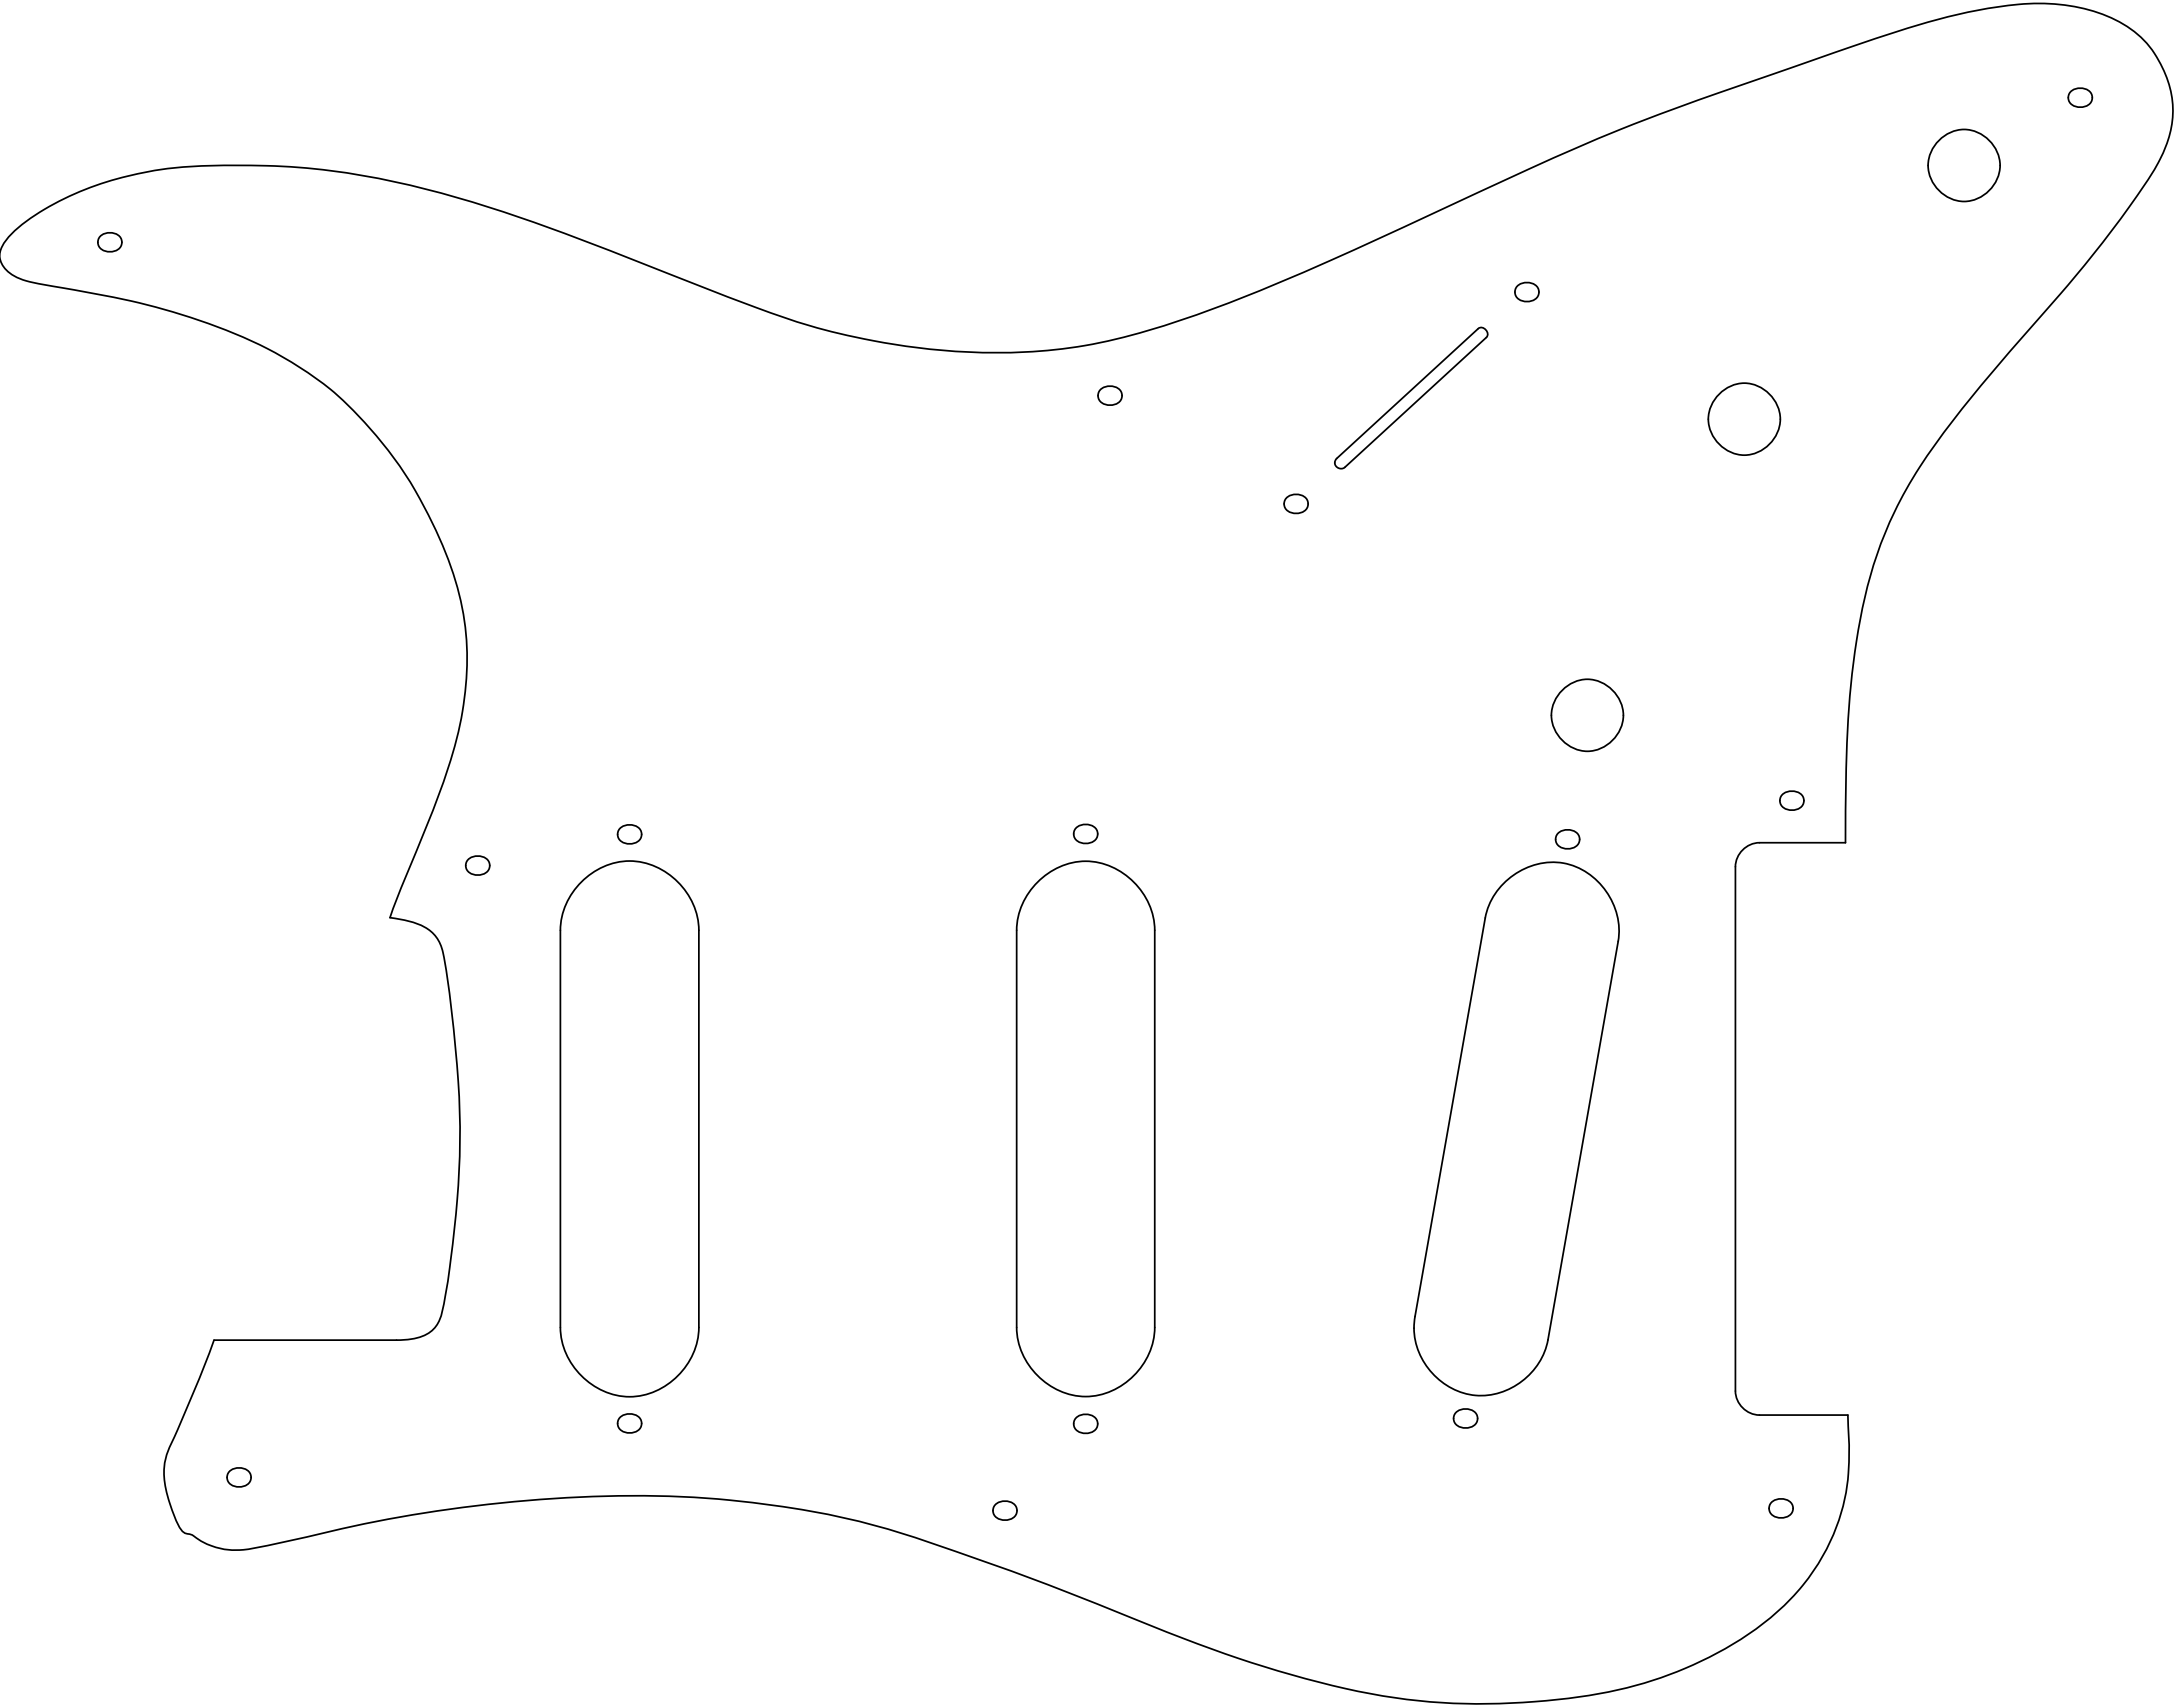

Stratocaster standard SSS - 8 trous

Standard Stratocaster SSS - 8-hole

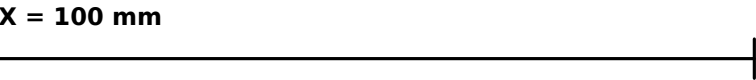

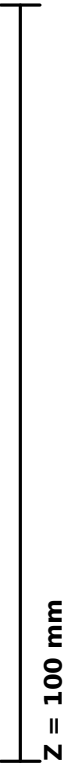

A verifier : contour, 8 trous de vis, trois decoupes micros SSS, selecteur, commandes, talon de manche.
Check: outline, 8 screw holes, three SSS pickup cut-outs, selector, controls, neck pocket.

Dimensions du trace / Trace size: 287.5 x 224.9 mm

Reperes / Reference marks

Mesurer ces deux reperes apres impression. / Measure both marks after printing.

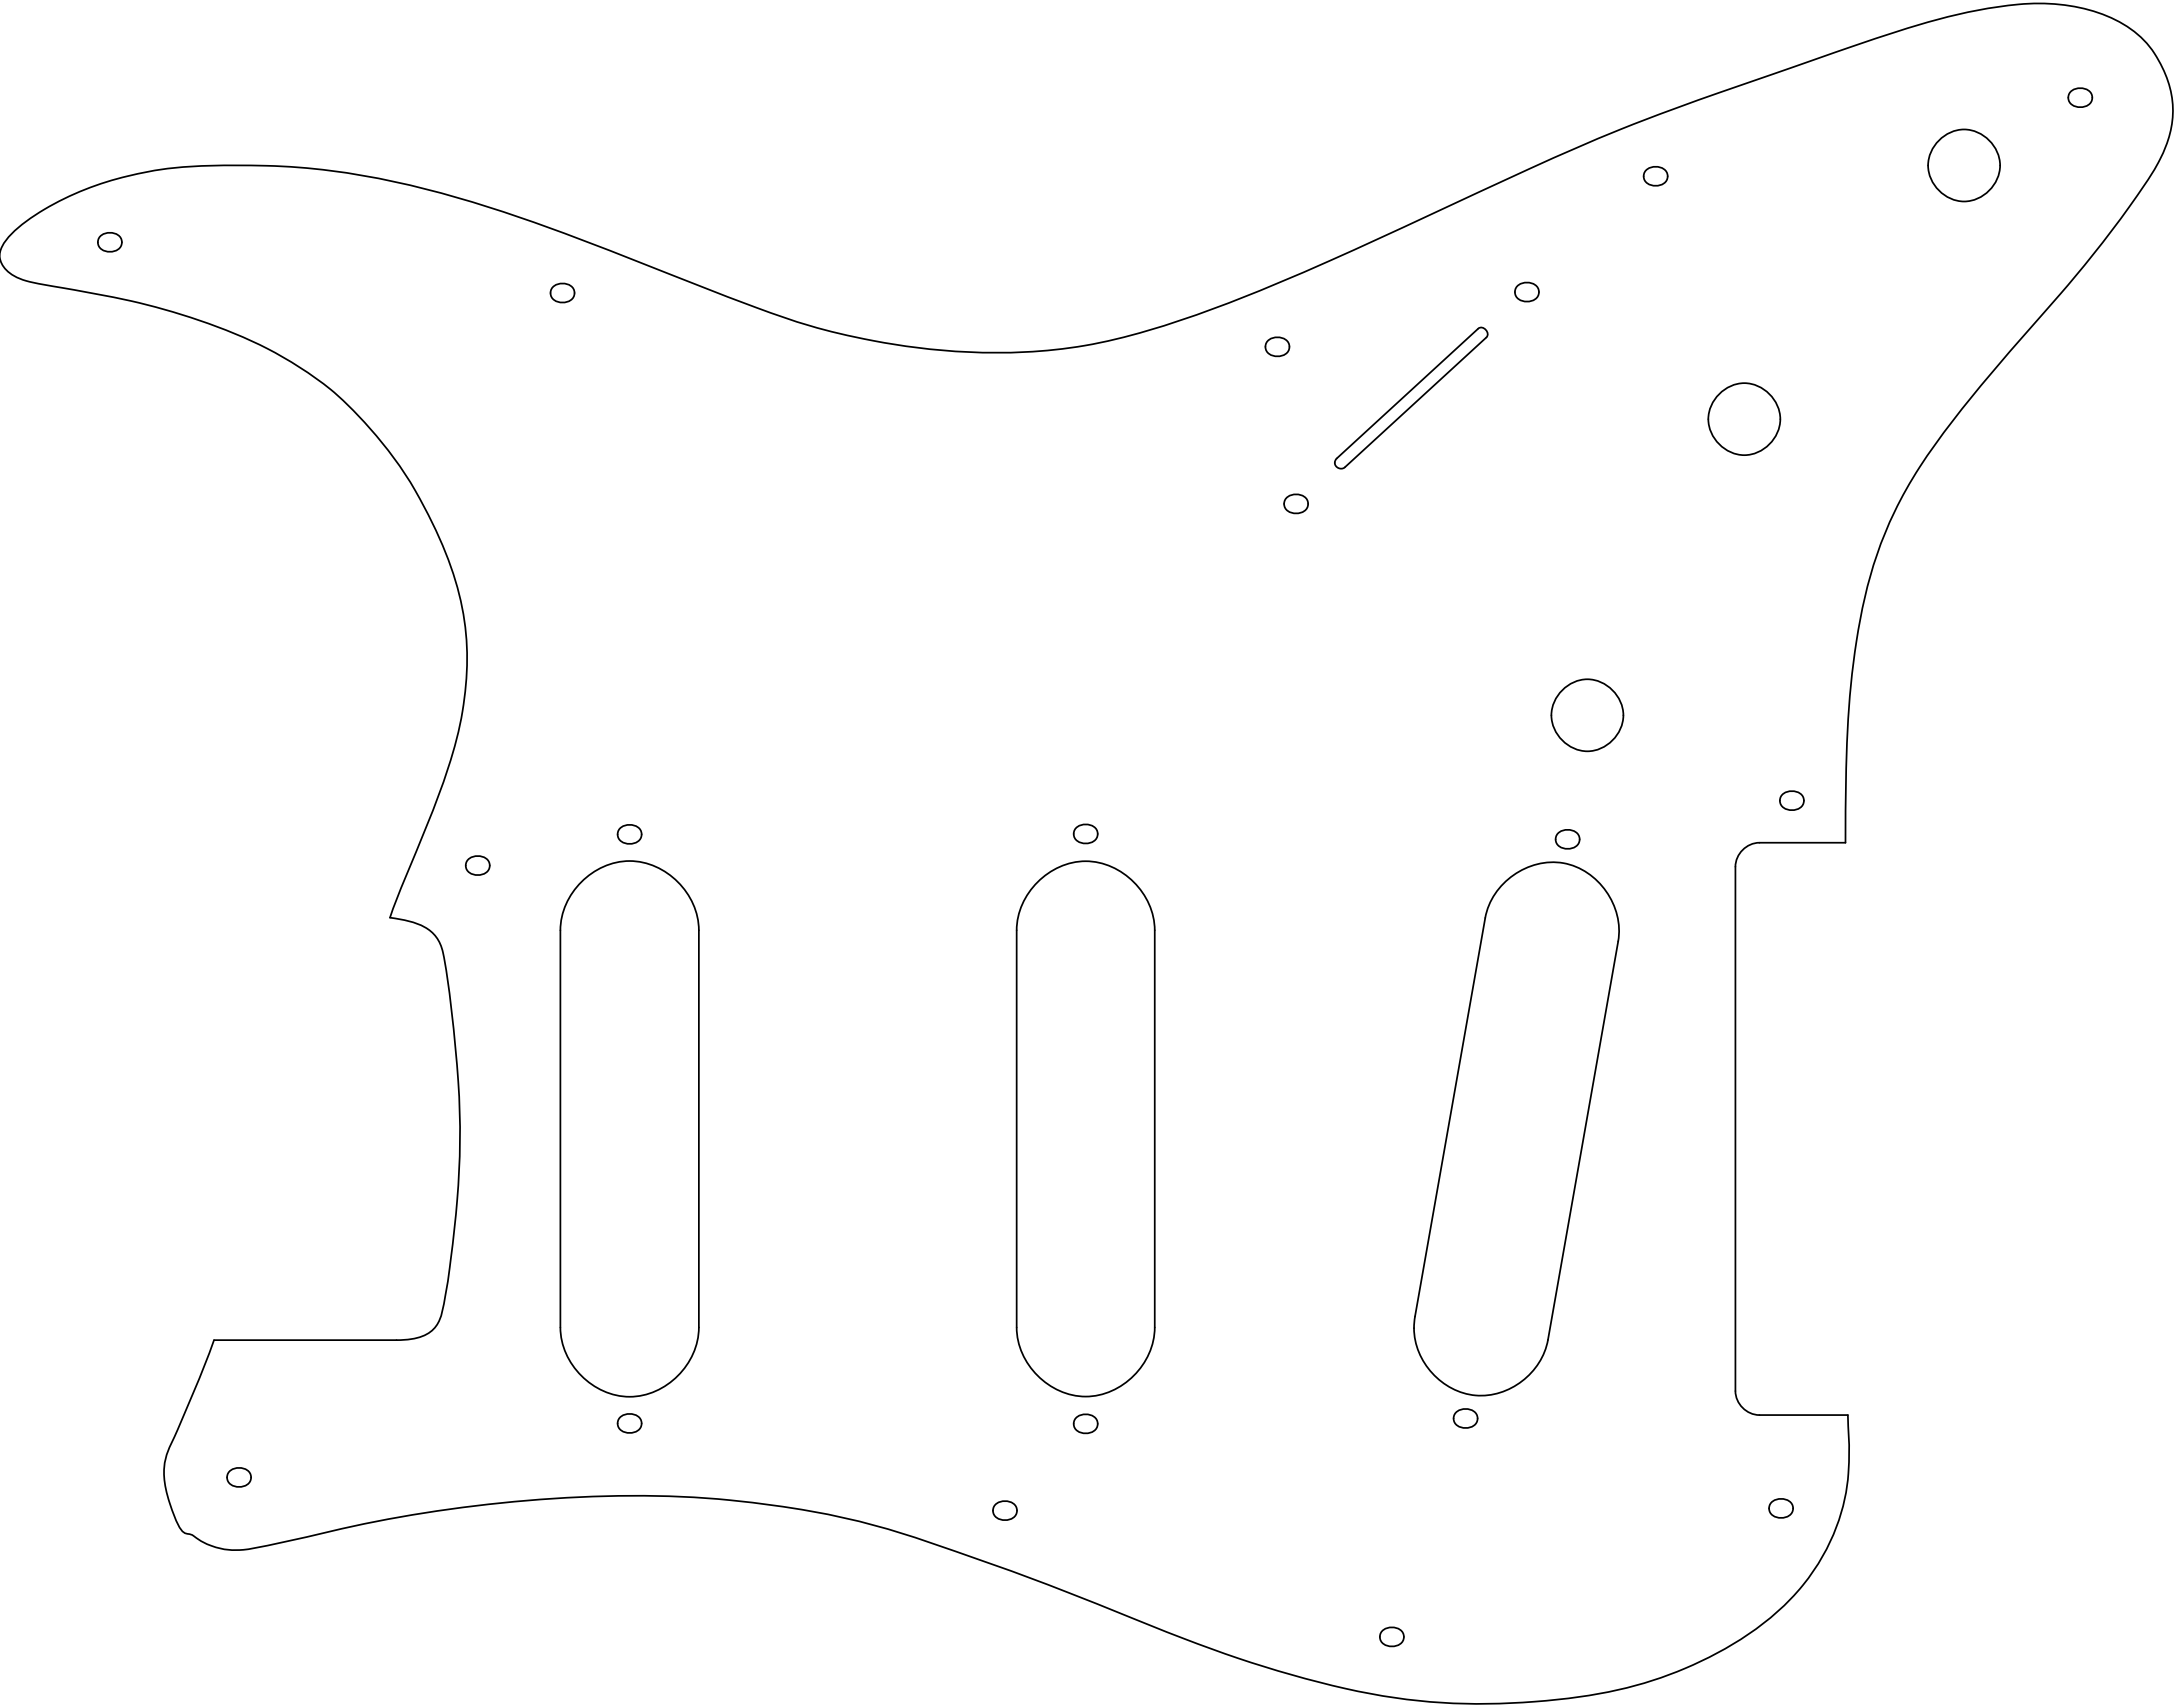

Si les reperes ne mesurent pas 100 mm, ne pas utiliser cette feuille. / If the marks do not measure 100 mm, do not use this sheet.

Stratocaster standard SSS - 11 trous

Standard Stratocaster SSS - 11-hole

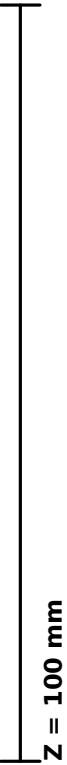

A verifier : contour, 11 trous de vis, trois decoupes micros SSS, selecteur, commandes, talon de manche.
Check: outline, 11 screw holes, three SSS pickup cut-outs, selector, controls, neck pocket.

Dimensions du trace / Trace size: 287.5 x 224.9 mm

Reperes / Reference marks

Mesurer ces deux reperes apres impression. / Measure both marks after printing.

X = 100 mm

Si les reperes ne mesurent pas 100 mm, ne pas utiliser cette feuille. / If the marks do not measure 100 mm, do not use this sheet.

Stratocaster OVRPICK SSS - 12 aimants

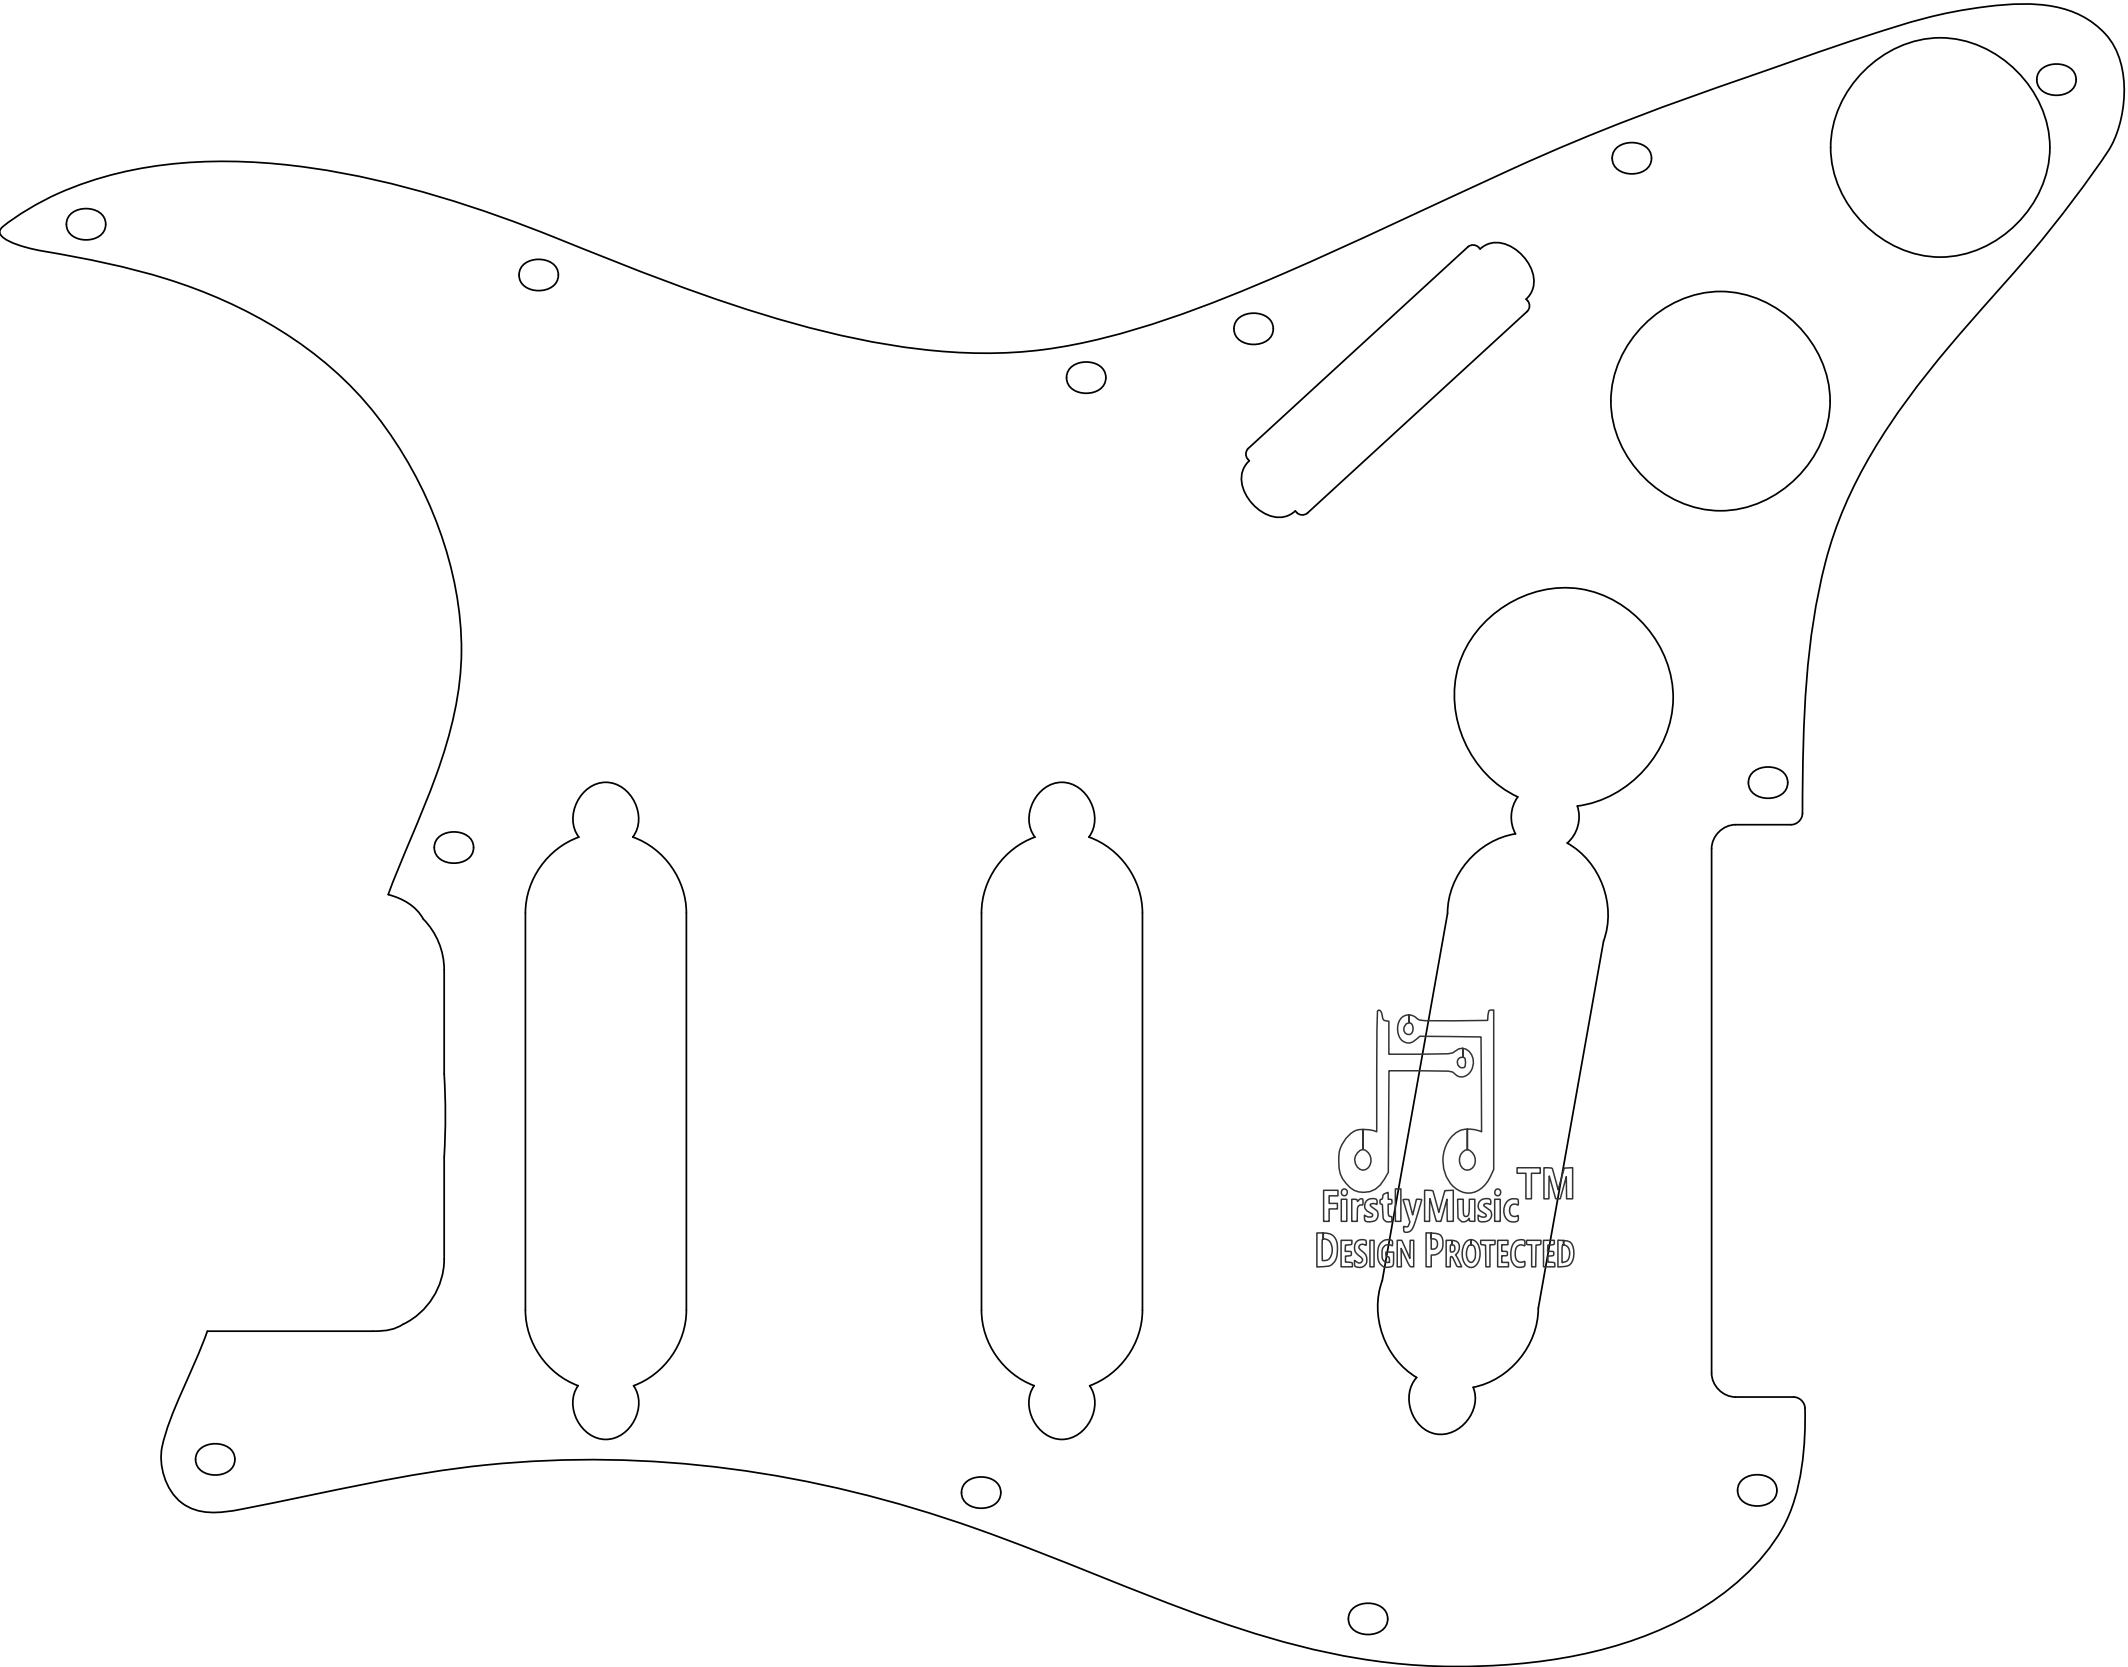

OVRPICK Stratocaster SSS - 12 magnets

OVRPICK - design depose / registered design

A verifier : contour, percages, zones aimants OVRPICK, trois decoupes micros SSS, commandes et talon de manche.

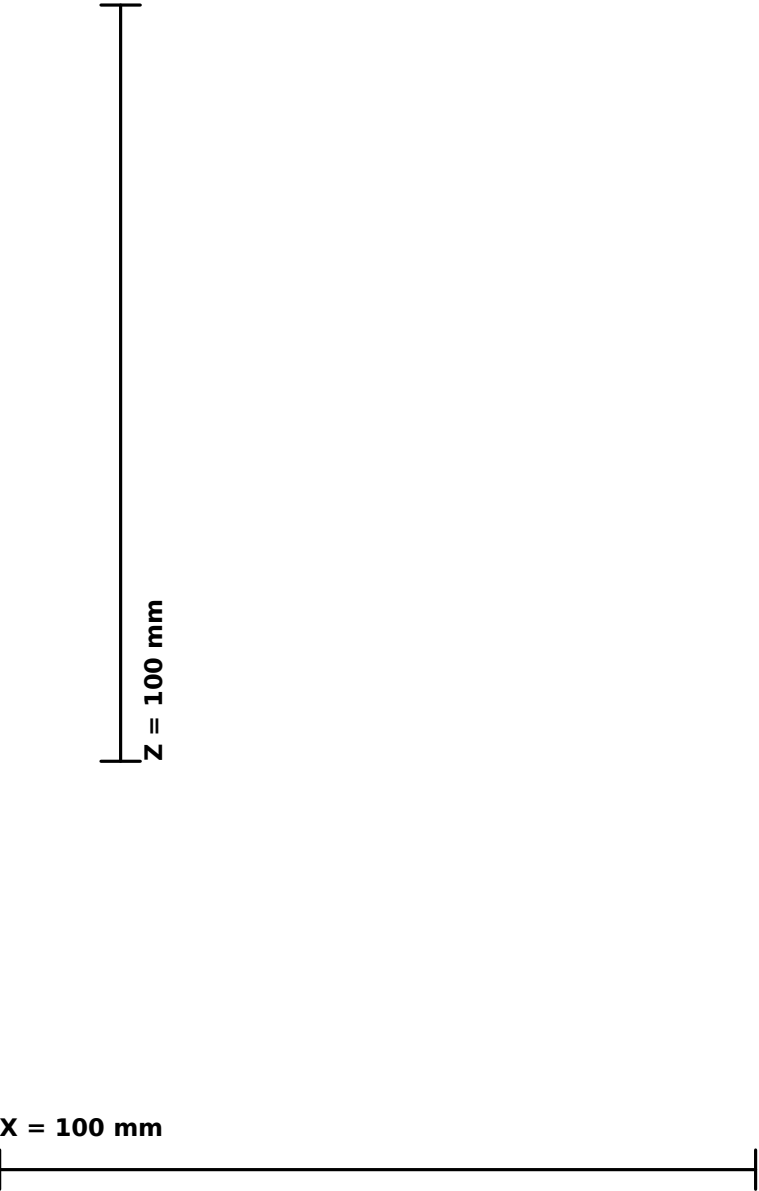

Check: outline, holes, OVRPICK magnet zones, three SSS pickup cut-outs, controls and neck pocket.

Dimensions du trace / Trace size: 281.0 x 219.8 mm

Reperes / Reference marks

Mesurer ces deux reperes apres impression. / Measure both marks after printing.

Si les reperes ne mesurent pas 100 mm, ne pas utiliser cette feuille. / If the marks do not measure 100 mm, do not use this sheet.

Telecaster standard - micro simple - 5 trous

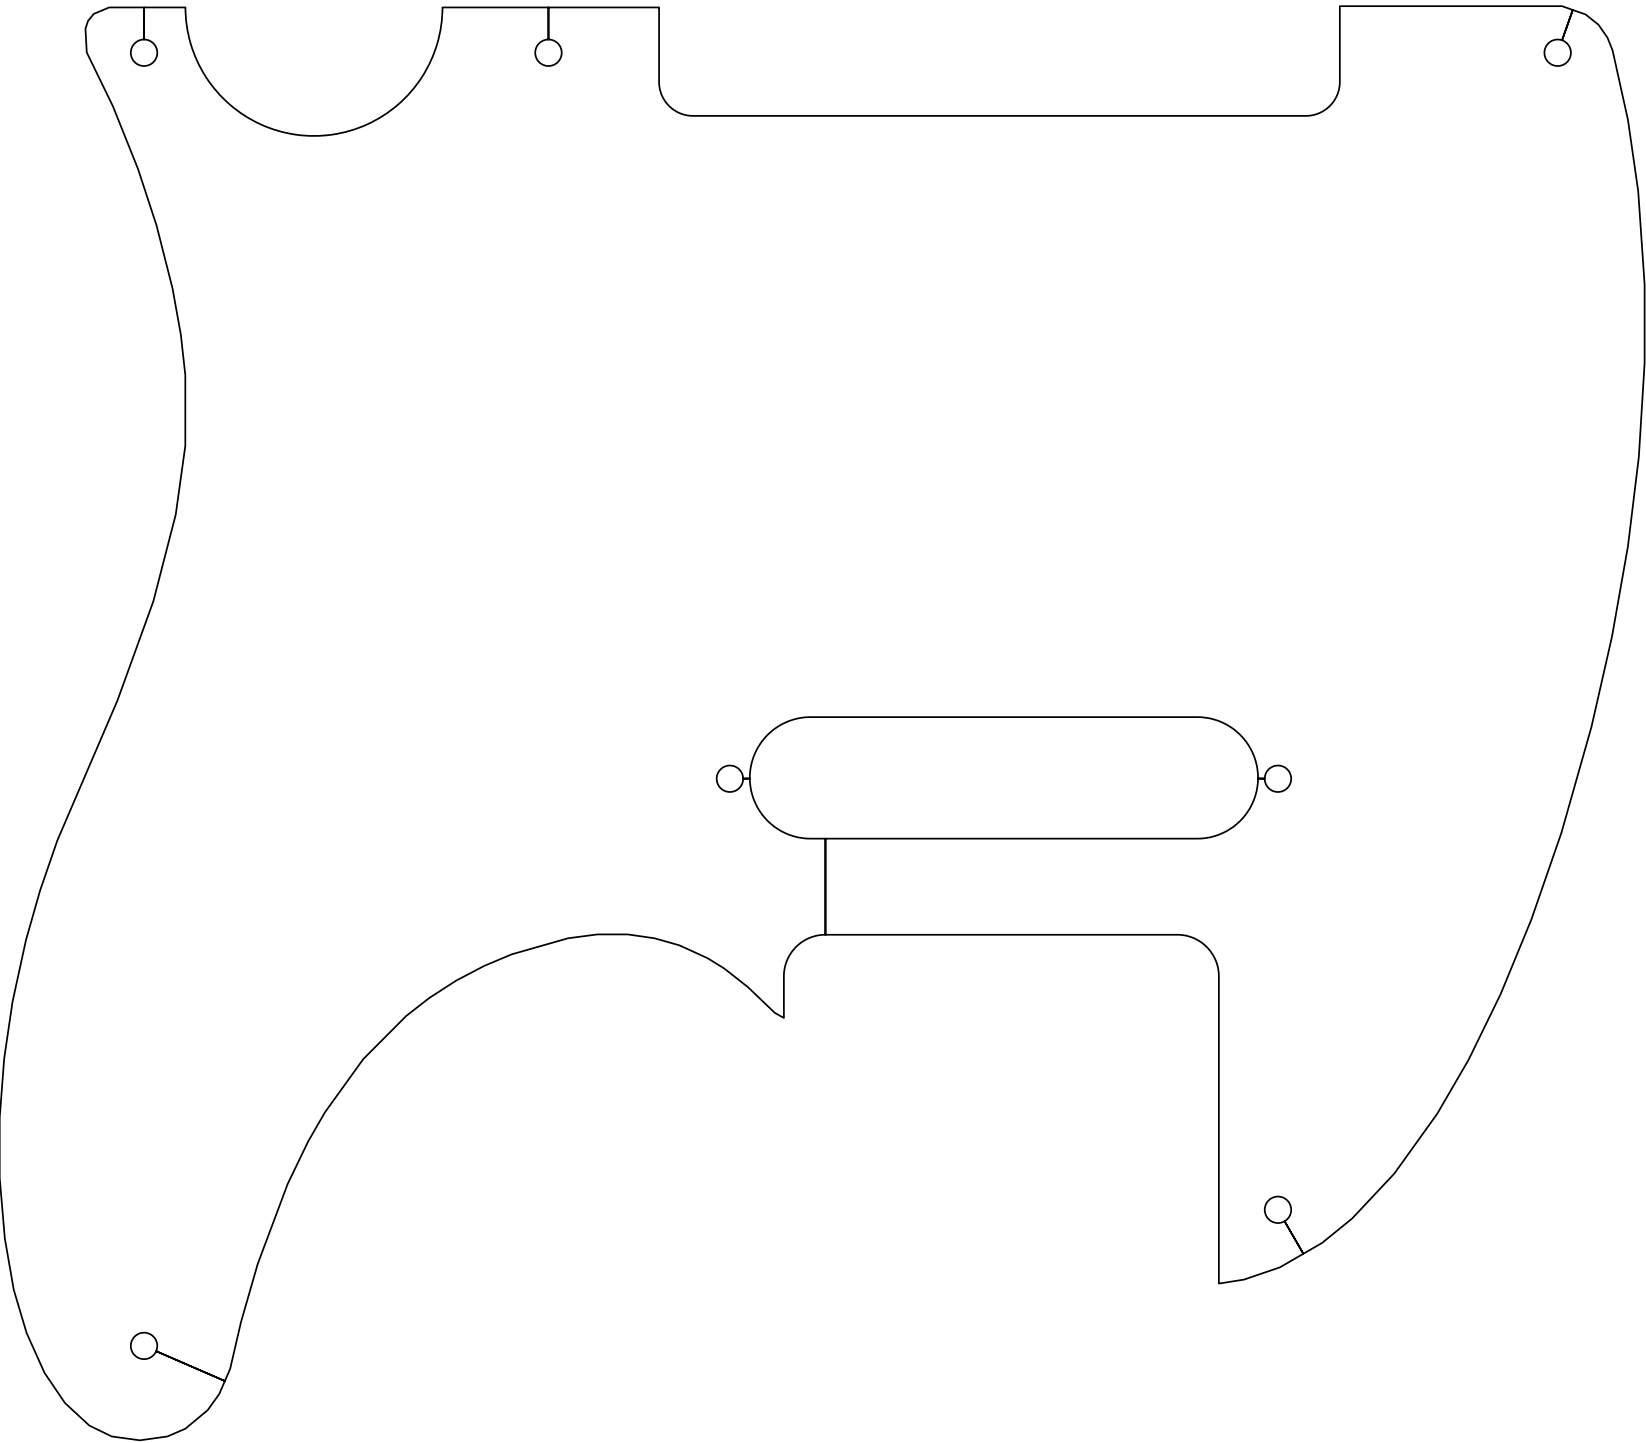

Standard Telecaster - single pickup - 5-hole

A verifier : contour, 5 trous de vis, decoupe micro simple et talon de manche.
Check: outline, 5 screw holes, single pickup cut-out and neck pocket.

Dimensions du trace / Trace size: 217.6 x 189.6 mm

Reperes / Reference marks

Mesurer ces deux reperes apres impression. / Measure both marks after printing.

Z = 100 mm

X = 100 mm

Si les reperes ne mesurent pas 100 mm, ne pas utiliser cette feuille. / If the marks do not measure 100 mm, do not use this sheet.

Telecaster standard - micro simple - 8 trous

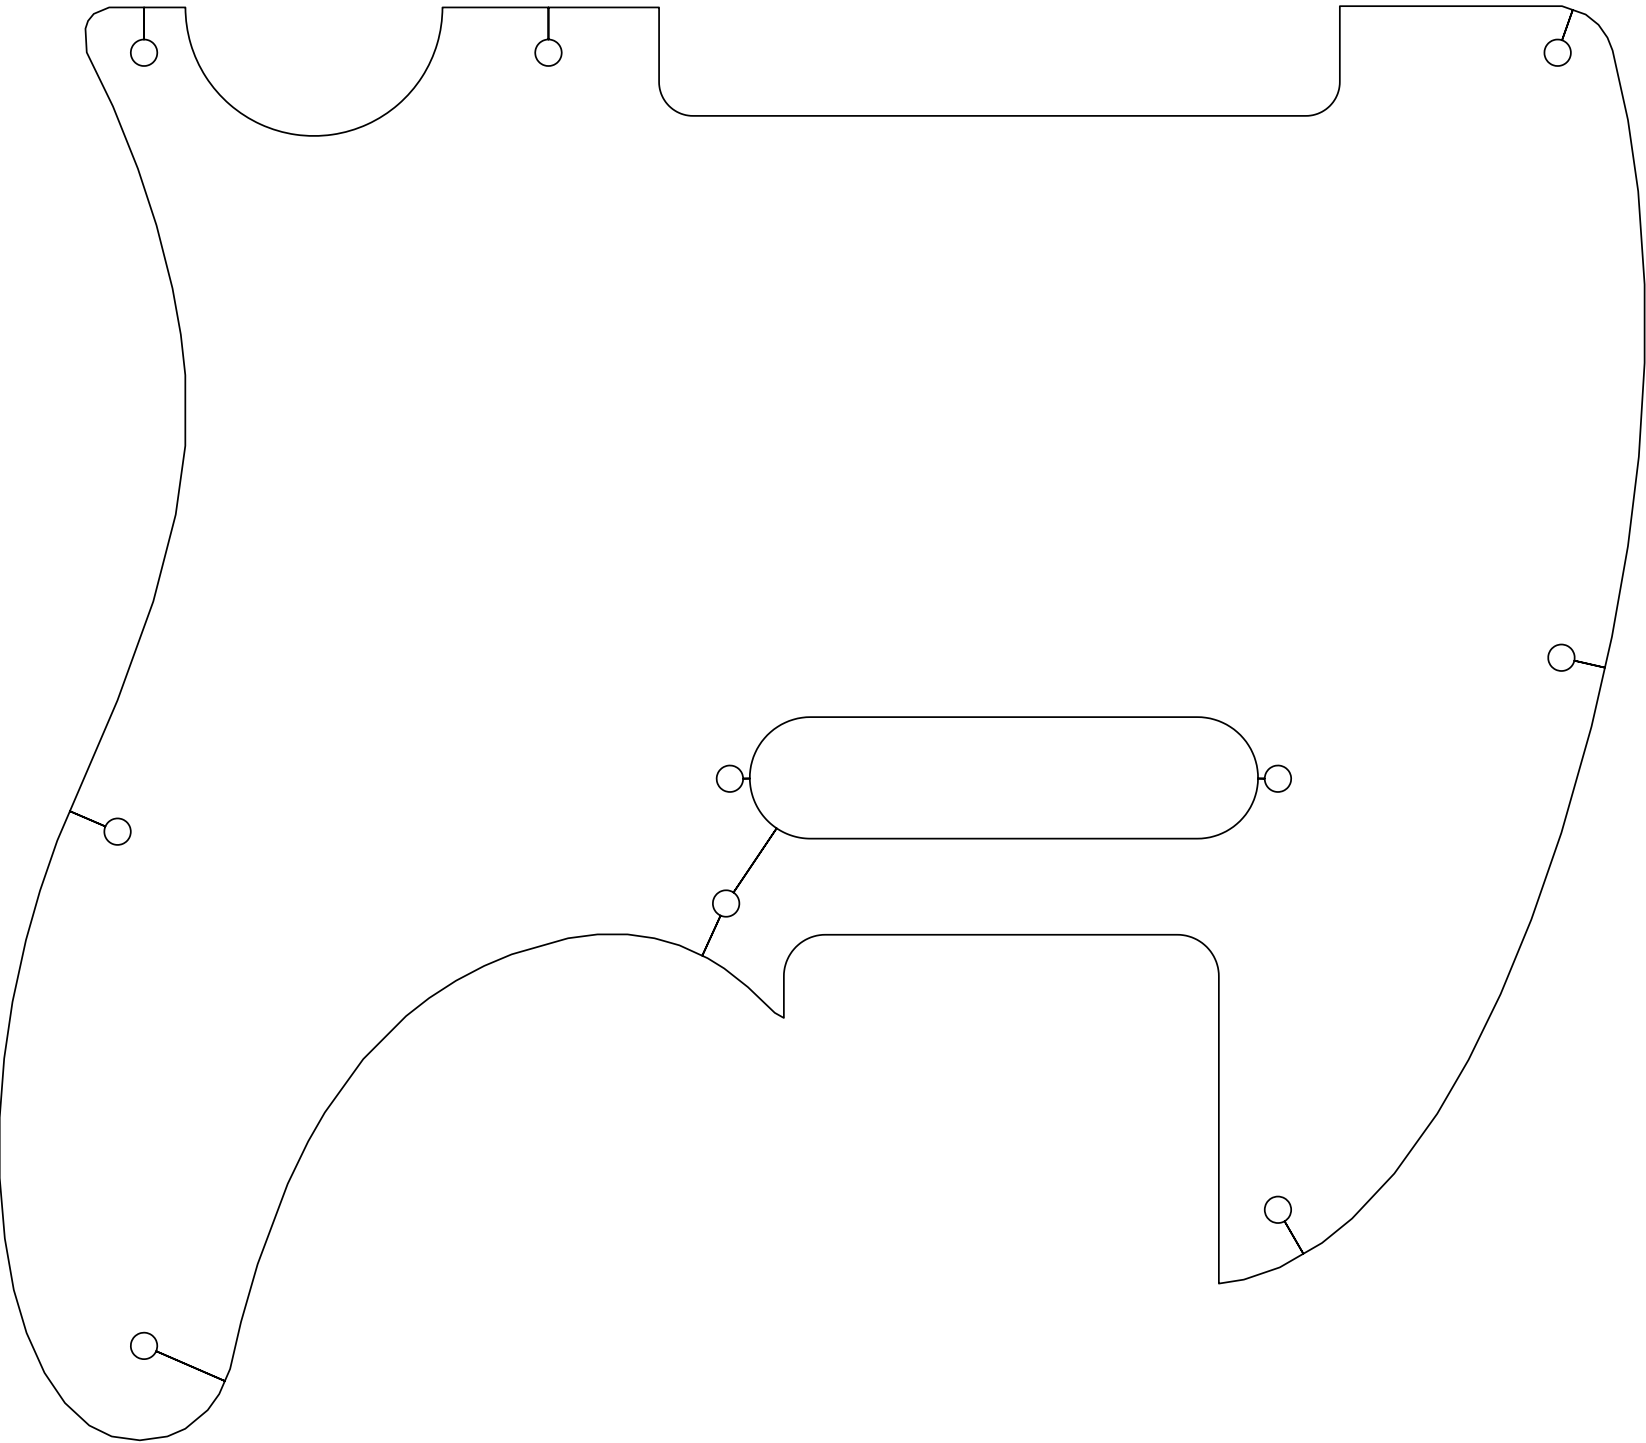

Standard Telecaster - single pickup - 8-hole

A verifier : contour, 8 trous de vis, decoupe micro simple et talon de manche.
Check: outline, 8 screw holes, single pickup cut-out and neck pocket.

Dimensions du trace / Trace size: 217.6 x 189.6 mm

Reperes / Reference marks

Mesurer ces deux reperes apres impression. / Measure both marks after printing.

Z = 100 mm

X = 100 mm

Si les reperes ne mesurent pas 100 mm, ne pas utiliser cette feuille. / If the marks do not measure 100 mm, do not use this sheet.

Telecaster standard - humbucker - 5 trous

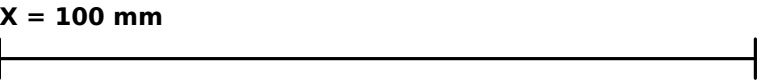

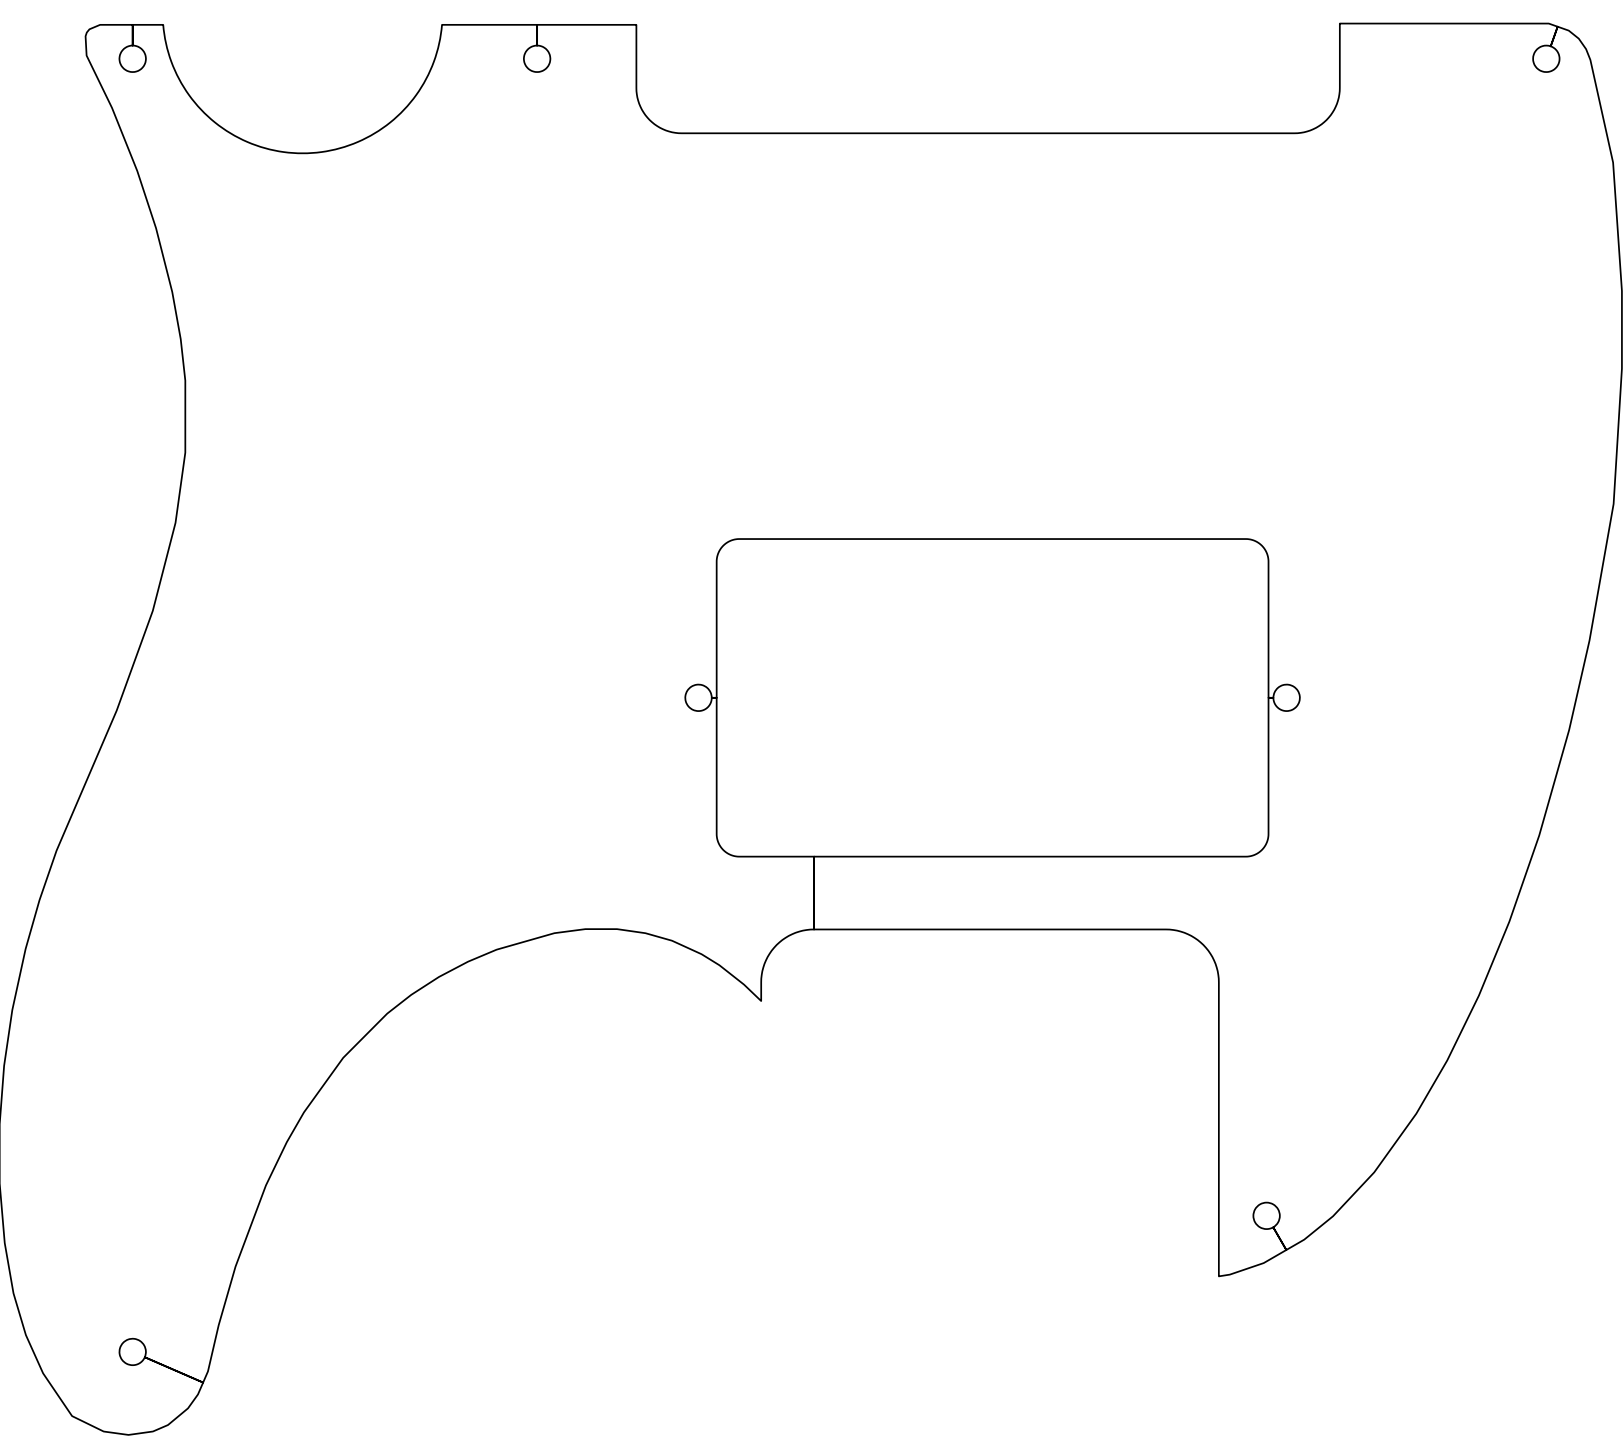

Standard Telecaster - humbucker - 5-hole

A verifier : contour, 5 trous de vis, decoupe humbucker et talon de manche.
Check: outline, 5 screw holes, humbucker cut-out and neck pocket.

Dimensions du trace / Trace size: 214.6 x 186.6 mm

Reperes / Reference marks

Mesurer ces deux reperes apres impression. / Measure both marks after printing.

Si les reperes ne mesurent pas 100 mm, ne pas utiliser cette feuille. / If the marks do not measure 100 mm, do not use this sheet.

Telecaster standard - humbucker - 8 trous

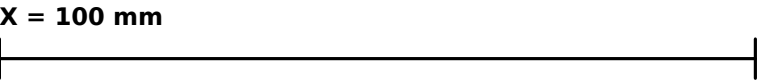

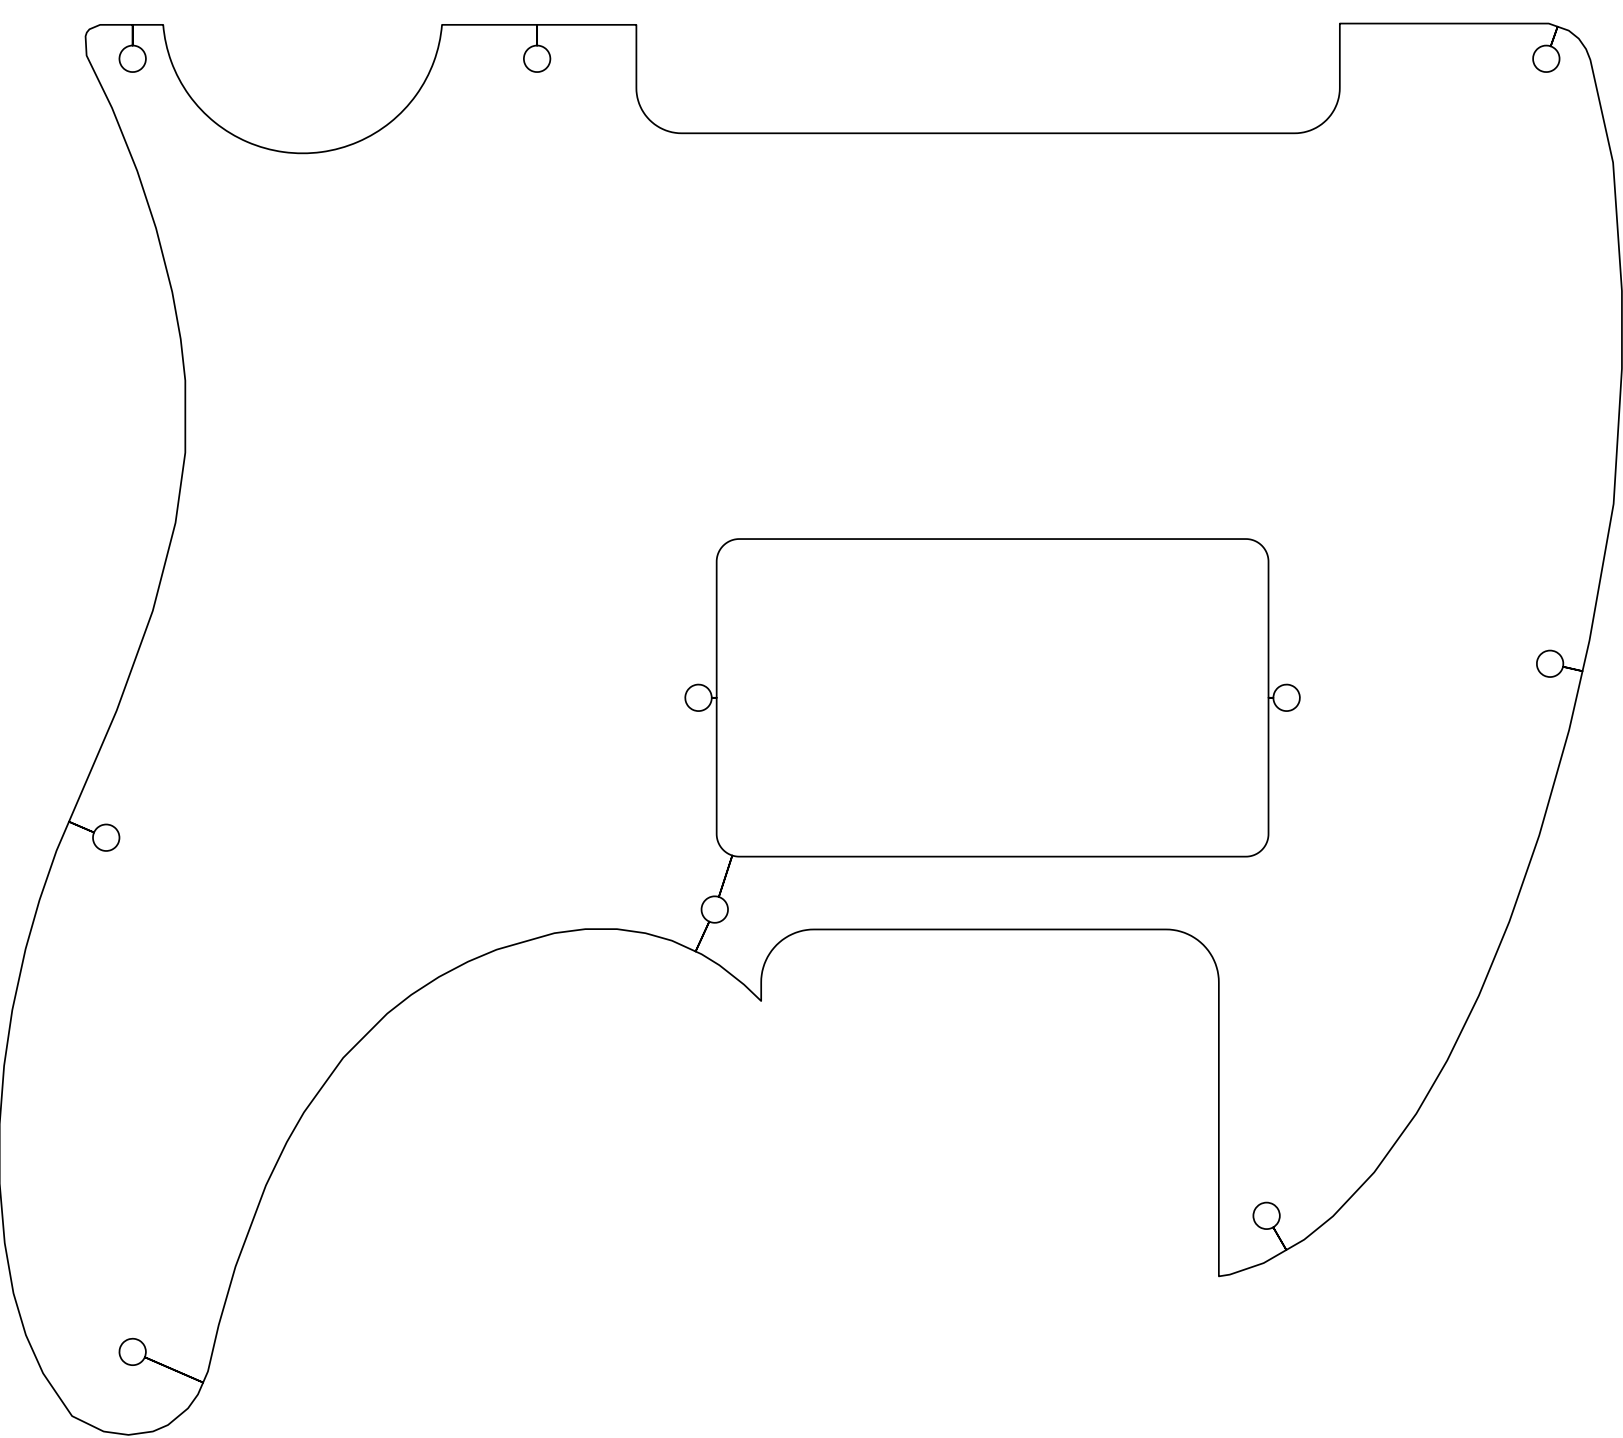

Standard Telecaster - humbucker - 8-hole

A verifier : contour, 8 trous de vis, decoupe humbucker et talon de manche.
Check: outline, 8 screw holes, humbucker cut-out and neck pocket.

Dimensions du trace / Trace size: 214.6 x 186.6 mm

Reperes / Reference marks

Mesurer ces deux reperes apres impression. / Measure both marks after printing.

Si les reperes ne mesurent pas 100 mm, ne pas utiliser cette feuille. / If the marks do not measure 100 mm, do not use this sheet.

OVRPICK Telecaster - single pickup - 8 magnets

OVRPICK - design depose / registered design

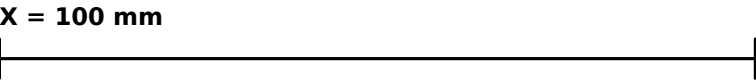

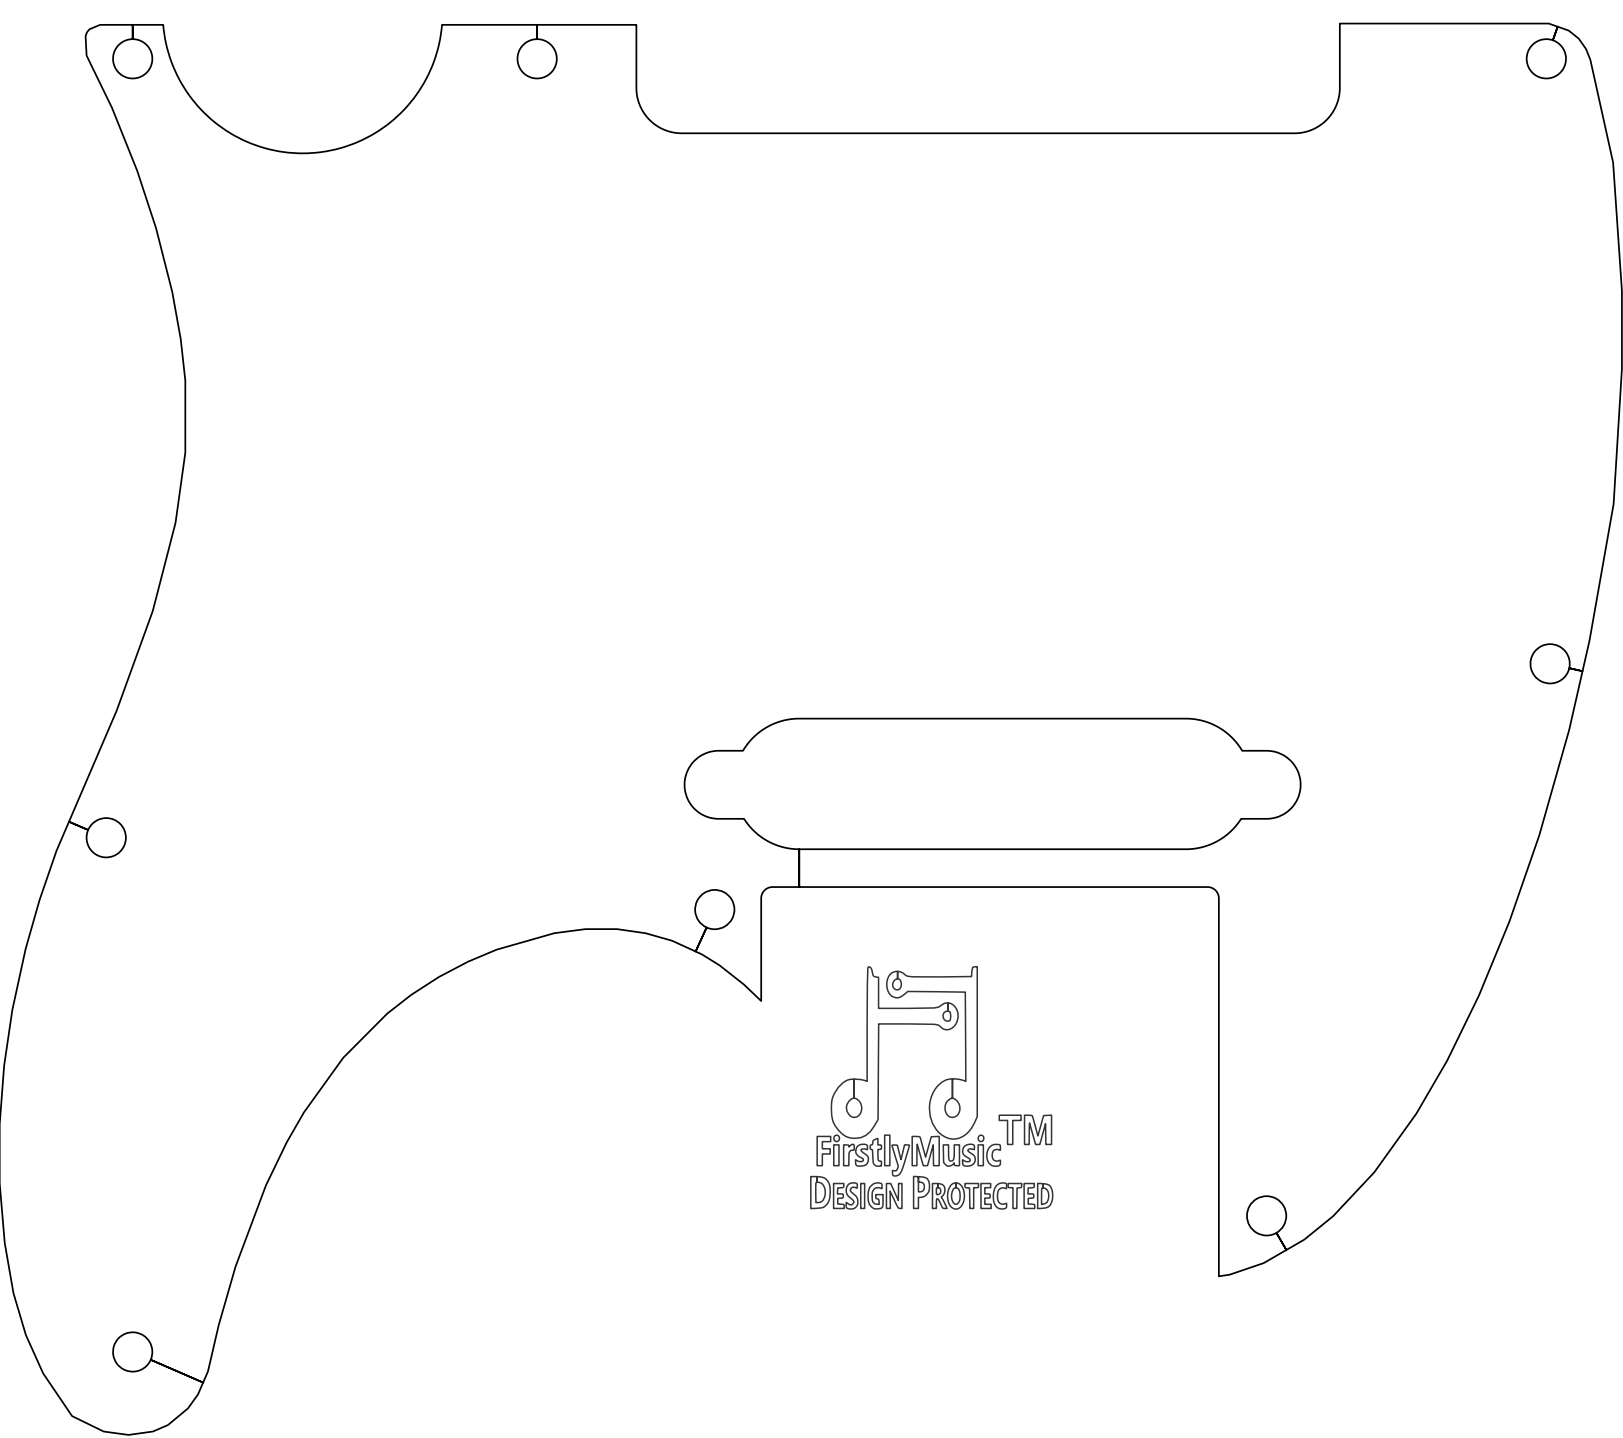

A verifier : contour, 8 trous de vis, decoupe micro simple, zones aimants OVRPICK et talon de manche.

Check: outline, 8 screw holes, single pickup cut-out, OVRPICK magnet zones and neck pocket.

Dimensions du trace / Trace size: 214.6 x 186.6 mm

Reperes / Reference marks

Mesurer ces deux reperes apres impression. / Measure both marks after printing.

Si les reperes ne mesurent pas 100 mm, ne pas utiliser cette feuille. / If the marks do not measure 100 mm, do not use this sheet.
